

Information for Cabin Fever Southside rental space:

The space will hold up to 50 people. At that capacity, the renter will have to bring in extra tables and chairs.

We can provide within the space:

- Tables and Chairs
 - We have seating tables, but depending on your event, you may want to bring in 6 ft. Tables for displays/information/food etc.
- Smart TV
- Small speaker for easy music to play
- Sound system with microphone and aux chord jack
- Large trash cans and trash bags, dumpster usage
- Smoking is only permitted out front near the swing and an outdoor ash collector is provided.

Food and Drinks:

We can provide coffee, water, tea, and anything else that is currently sold in Cabin Fever. We will need a solidified menu at a minimum of three weeks ahead of time if you'd like to serve anything from Cabin Fever.

Cabin Fever will provide all beverage accessories needed if the beverages are purchased from Cabin Fever (cups, cream, sugar, stir sticks, etc.) We do not, however, provide any paper products or tableware.

Having a working Barista:

Within the rental fee, a working barista will be available to keep the premises and answer any questions... and let outside customers know we are closed to outside business. It happens all the time! Ha!

We are also able to offer a Barista to make and serve drinks available on our full menu. Drinks will be an additional cost and are usually held as a tab and paid for at the end. This can be done differently upon request. We will need to know at the time of signing the rental agreement if you'd like a barista to open the full menu to your guests.
